

d'BUG

All-natural insecticide

Made with the all-natural ingredient d-Limonene, this liquid insecticide is safe to use around humans, animals and food. The d-Limonene instantly strips away the protective wax coating from the exoskeletons of insects, causing them to suffocate and die on contact. It can also be used as a residual insecticide that works for several weeks after application.

Use On:

- Schools
- Daycare Centers
- Restaurant
- Kitchens
- Food-processing plants

Effective Against

- Ants
- Fleas
- Silverfish
- Roaches
- Palmettos
- And many other crawling insects

Features and Benefits

- Formula is safe for use around children, pets, and food.
- Use as a contact insecticide for immediate kill.
- Also provides residual action for several weeks after application.
- d-Limonene dissolves the protective layer of wax from the exoskeletons of insects causing them to suffocate and die.
