Manufactured By: Total Solutions®  
PO Box 240014 • Milwaukee, WI 53224  
1-800-743-6417 • athea.com

## DESCRIPTION

This product is a powerful yet safe multi-functional cleaner that combines the high cleaning performance of an acid with the mildness of liquid dish soap. With a pH of 1, it has the cleaning power of an acid, yet it is safe to the touch. It is an ideal alternative to typical Non-Acid Bowl Cleaners.

The thick, clinging formula will coat the surface of bowls and and will effectively remove rust, mineral, uric acid and hard-water deposits. The gentle formula is safe for plumbing and septic systems.

## DIRECTIONS

Squirt a small amount into the toilet and under the toilet rim, sufficient to coat the area to be cleaned. Allow to soak for several minutes and then scrub with a toilet brush. Flush toilet when complete. Urinals may be cleaned in the same fashion.

## DISPOSAL

Offer empty container for recycling. If recycling is not available, discard container in trash.

Please Recycle.
