TOTAL SOLUTIONS®

ENVIRO-TERRA™ HD

Highly Concentrated Safer
Acid Replacement

- pH IS LESS THAN 1, BUT SAFER TO USERS
- REMOVES CEMENT FROM EQUIPMENT, FORMS AND TOOLS
- DISSOLVES HARD WATER BUILD-UP
- REMOVES LIMESCALE AND CORROSION
- BIODEGRADABLE, NON-FLAMMABLE

KEEP OUT OF REACH OF CHILDREN

NET CONTENTS: One Gallon (128 fl. oz.)

Manufactured By: Total Solutions® • 1-800-743-6417
PO Box 240014 • Milwaukee, WI 53224 • athea.com

DESCRIPTION: This product is a true breakthrough concentrated cleaner. With a pH of less than 1, this multipurpose cleaner generates the high cleaning power of an acid, yet it is safer and mild to skin like liquid dish soap.

Cleans stains and rust from concrete buildings and walks; removes cement from construction equipment, trucks, pouring forms, structural steel and tools; dissolves hard water build-up, lime, scale and corrosion in boilers, air conditioners and refrigeration units, condensers and circulating systems. A proprietary inhibitor package prevents damage to metals, and detergents and wetting agents enhance cleaning actions. It is nonflammable and biodegradable.

DIRECTIONS: This product can be diluted with up to 10 parts of water, depending on the application, the surface and the severity of the soil. Apply product and let stand a sufficient amount of time depending on the severity of the soil. Heavy deposits may require light scrubbing with a brush. Wipe with cloth, sponge or swab, and rinse thoroughly with clean water. Spot check on an inconspicuous area first.

Avoid contamination of food in the use and storage of this product. Surfaces subject to direct food contact must be rinsed with potable water.

NOTE: This product should not be used on marble. Test on an inconspicuous area before using.

DISPOSAL: Dispose of contents/container to comply with local/regional/national/international regulations.

Please Recycle.
