

RTV SILICONE

CLEAR RUBBER ADHESIVE SEALANT

RTV SILICONE ADHESIVE is a break-through in pressurized packaging that has a wide variety of bonding uses. RTV SILICONE ADHESIVE will adhere to Metal, Wood, Glass, Porcelain, Plastic, Painted Surfaces, Ceramics and Rubber. RTV SILICONE ADHESIVE is ideal for use wherever a strong permanently elastic waterproof caulk, sealant or adhesive is needed. Also to seal around tile, marble, showers, tubs, sinks, and plumbing fixtures and it will not grow mildew. It's great for caulking windows, doors, sills, and ceiling cracks, crevices, machinery, engines and transmissions. RTV SILICONE ADHESIVE has excellent adhesion power and it's extremely chemical resistant and it won't sag or shrink during severe temperature changes. It offers unmatched performance, always remains flexible, and it will not dry out. RTV SILICONE ADHESIVE has a skin after 5 minutes, dries to the touch in 30 minutes and cures in 24 hours.

FOR USE BY:

Airports
Appliance Mft.
Building Eng. Bus
Garages Daycare
Centers
Equipment Rental
Excavating Co.
Hospitals Hotels/
Motels
Manufacturing
Municipalities
Resorts
Roof Companies
Schools
Spas

FOR USE ON:

Appliances
Body Seam
Electrical
Engines
Fixtures Flanges
Light Signals
Nameplates
Roofs
Seals Flashing
Sinks
Tailor
Tubs Windows/
Doors Wiring
Harness

FEATURE-BENEFIT:

Flexible
Durable
Tensile Strength
Will Not Shrink
Will Not Crack
Will Not Crumble Will
Not Dry Out
Withstands Pressures
up to 350 PSI.
Can Withstand
Intermittent Temps up
to +600°F & Remains
Permanently Flexible
at Temps From -85°
+500°F
•CA VOC Compliant

DIRECTIONS:

Clean and dry surface. For pressurized can cut nozzle at desired bead size and tilt to actuate and apply bead of silicone. After application, leave a small bead extending from nozzle which will seal and form a plug. For re-use gently pull the plug out. If it breaks use a paper clip to get it out. Do not use for head gasket (its too hot). Please also note that this sealant is not paintable. If painting is required, complete before using this product. This product is **not suitable** for below waterline marine applications.

TECHNICAL DATA:

Composition: Adhesive Silicone Sealer
Type: Room Temp. Vulcanizing Caulk
Toxicity: Low
Flammability: None
Color: Clear 10301
