Pure EZ™ Lift

All-natural floating lift station degreaser

This product is a powerful soy-based lift station degreaser, containing 95% soy and 5% d-limonene. It floats on top of the water surface, rising and falling with the level of the water. It effectively dissolves heavy grease and fat accumulations on walls, and creates an odor barrier with a pleasant citrus scent. High soy content raises the flash point over traditional d-limonene-based products, for longer life. Green color indicator. 100% biodegradable formula. Will not harm bacterial action in sewage treatment plants.

Use in Lift stations:

Keeps walls, pumps and hoses clean and functioning properly

Effective Against:

Floating grease balls

Heavy oil accumulation

Annoying odors

Features and Benefits

- Float on the surface so it will rise and fall with the level of the wastewater
- Quickly dissolves heavy grease and fat accumulations in a lift station
- Creates an odor absorbing barrier to control odors and leaves a pleasant citrus scent
- Color indication lets you know when you need to add more
- 100% natural biodegradable formula will not interfere with bacteria at sewage treatment plant

Properties

Appearance	Green liquid
Fragrance	Citrus scent
Flash point	>210° F
VOC content (% by wt.)	<6 %
Solubility	Insoluble in water
Storage (at 70 ° F)	1 year
Petroleum solvents	None
Biodegradable	Yes

Directions Complete directions on product label

Use approximately 1/2 gallon for each square foot of water surface. The special floating formula washes down the sides of the lift station as the water level rises and falls.

For circular lift stations calculate the square feet of water surface using this

3.1415 x r^2 = surface area r= the radius in feet.

Ingredients CAS Number

Methyl Ester of Soybean Oil	67784-80-9
d-Limonene	5989-27-5
Methanol	67-56-1
Green Dye	Mixture

Safety

Warning: May cause an allergic skin reaction. Keep out of reach of children.
